

All Aboard: Play Stage 6

All Aboard teaches the strategies children need to become successful readers. It offers carefully-structured materials to develop sight vocabulary, phonological awareness and information retrieval through three specially-designed strands for Infants. It then develops the higher order reading and writing skills necessary for genuine literacy at Junior level. All Aboard also provides a full range of genres and types of writing, required by the NLS framework, to which children can apply their various skills. It offers a wide variety of structured texts including fiction, non-fiction, poetry, plays, traditional tales and short stories. The programme provides support for teaching shared, guided and group reading and writing.
