

## Babushkas Kitchen Recipes & More

I know what you're thinking. How exciting is Russian cuisine? Well, Russian cooking is exciting because it's simple, wholesome food made with unprocessed ingredients. Russians were health conscious without knowing it and well before the health craze became popular. By the way, borscht was the original cabbage soup! Included in this book are 45 easy recipes for appetizers or zakuski, soups, meats, vegetables, salads, kasha, blini, pierozhki, and simple desserts as well as instructions for making flavored vodka and the ancient beverage known as kvass. Along with the recipes, I've added a bit of history, some personal, to enliven the recipes. Come along and let's take a culinary voyage together. You'll be pleasantly surprised.
