

Blood of the Dragon

Conquered and enslaved, the dragons of Layr live in fear. Their allies are banished, declared outlaws and forced out of human society. With the birth of a rare dragon, descendant of the long-defeated dragon king, a young keeper in the dragon hatchery finds herself as the hatchlings protector. Enlisting the help of her best friend, a fire-throwing Gypsy, and an invisible being, she confronts a tyranny that has reigned for more than three centuries.
