

Shifter Wars (Mind Sweeper Series Book 3)

Book Three in the Mind Sweeper Series
Why did the demon cross the road? Apparently to escape from Kyle McKinley. Which is more than fine with her. The last thing she wants is to be dragged into another supernatural crisis, but the Fates have something more interesting in store for her. Since the tricky wenches love to mess with people, Kyle isn't really surprised. And once she learns Trina, the young shifter girl whose memory she erased, is being stalked again, Kyle will do whatever it takes to protect her. Normally a secretive group, the shifters reluctantly agree to allow Kyle and her vampire and demon teammates to investigate. Are the poachers who kidnapped Trina back for revenge? But when other shifters are also targeted, Kyle becomes convinced there is more to the attacks than vengeance. And when the violence escalates and Griffin, the enigmatic leader of the shifters, ends up in the crosshairs, the team braces for a bloodbath. Scrambling to identify the mysterious group bent on destroying the shifters, and why, Kyle is also haunted by dreams and painful flashes from the prophesied Key of Knowledge which has taken up residence in her brain. In typical Kyle fashion, she decides to ignore it, but the more she ignores it, the more it digs its claws into her consciousness. If she can't learn to embrace the Key and ask for help from those closest to her, she could lose her sanity before she's able to prevent a shifter civil war. Mind Sweeper Series
