

Married life has proven to be complicated for Vervain Lavine. Maybe its the pressure of being the last dragon-sidhe in existence, the hope of an entire race of faeries. Or maybe its the fact that her husband lives in the Faerie Realm where he rules the Kingdom of Fire. Or then again, it could be because he married her after abducting her and stealing her memories of her four other lovers. Thats a tough one. He did do a lot to make it up to her though, and shes forgiven Arach but that doesnt mean that the Godhunter is ready to hang up her fighting leathers in exchange for becoming a dragon mommy. Before she can decide what to do about the Faerie King, another problem arises in the form of a god who seems to be able to control the Internet. Internet crime takes on a whole new meaning under his influence and it becomes clear that his nefarious deeds must be stopped. But can the Godhunter find a way to destroy the God of the Internet before shes caught in his Tainted Web?
