

Darcy Daisy and the Firefly Festival: Learning About Bipolar Disorder and Community

Darcy Daisy feels anxious and confused after overhearing troubling gossip about Ms. Zinnia, a community member who has been diagnosed with bipolar disorder. Darcy shares her concerns with her mother who provides her with information about Ms. Zinnia's illness. By learning facts about bipolar disorder, Darcy feels less anxious, gains a better understanding of Ms. Zinnia's behavior, and also realizes the importance of community support and acceptance.
