

# The Secret Order (The Sylasian Chronicles Book 1)

The hob looked first at Alidor then at me. His complexion was deeply serious, and I knew that he believed that what he was about to say was of the utmost importance. Humans, he said slowly. We are here to change your lives. In a vast forest north of their home, human companions David and Alidor prepare for an invasion by the kingdom of their own kind. But they are about to discover the true nature of the inevitable coming war, and their own predestined part in it. An encounter with a mysterious group of people and a face from their own past will change their lives forever, and begin a fateful association with the illusive organisation known as the Secret Order an association that will lead them to an encounter with the face of evil itself...
