

The Strong Brain

Simon Craig is many things. Psychic, alcoholic, drug addict, unlicensed private detective, frequenter of nut houses and rehabs in equal measure. The voices in Simons head reveal everything, whether he wants them to or not. When a crooked cop hires Simon to retrieve the runaway daughter of local crime lord, all seems routine. That is until a powerful maniac takes notice and wages a battle of wills against the unruly Mr. Craig. Who will survive when powerful psychics clash?
