

## The Zephyr (The Hidden Book 2)

Aimee Ibrahim was the target of political terrorists in *The Hidden*. Now she's on the run in wartime Europe, determined to avenge those who got away with murder. Her exit from Egypt is fraught with danger and her two travelling companions - Pierre Rigaud, a French academic and Adem Ediz, a Turkish mathematician - are both acting very suspiciously. While on the run news comes in that the *Zephyr* is on her tail. He is the last remaining link with her mother Hezba Sultan. Hezba's diary revealed the story of the *Zephyr* and his men, and why he must be killed no matter what.
