

A Darker Shade of Black: Ancient Magic Meets the Internet Book 3

When ancient magic meets the Internet and Tequila, bad things will come to pass. When two inept time-travellers and an Internet genius mix up a cocktail of ancient magic and too much Tequila, disaster is inevitable. To make matters worse, a dark conspiracy which threatens our modern way of life is set in motion when two evil wizards escape from a secure government establishment. Add in a megalomaniac Transylvanian hermit, seven cloned dwarfs and an Irish giant, and you have to ask whos going to save the world now? A Darker Shade of Black is book three of the spellbinding ancient magic meets the Internet trilogy.
