

Dean Dunham or the Waterford Mystery (Illustrated) (Classic Fiction for Young Adults Book 69)

This book follows the adventures of intrepid sixteen-year-old Dean Dunham as he travels to find his fortune and solves the mystery of his uncle's robbery. A really fun book for young people and adults, as well. The book has 10 images, of which six are unique to this edition. Horatio Alger, Jr. (January 13, 1832 July 18, 1899) was a prolific 19th-century American author, best known for his many formulaic juvenile novels about impoverished boys and their rise from humble backgrounds to lives of middle-class security and comfort through hard work, determination, courage, and honesty. His writings were characterized by the rags-to-riches narrative, which had a formative effect on America during the Gilded Age. * This e-book is a true representation, from a high-definition scan of a pre-1923 print version of the book. Unlike other e-copies of the book, it was not produced by using Optical Character Recognition (OCR). OCR-scanning old books is seldom, if ever, error-free. This often results in an e-book with many **, ^, >> and typographic errors when OCR can't read the word or punctuation correctly.

* True representation means that if there are typographic, spelling, or grammatical errors that the editor judges to have minimal impact on the book's comprehension, they have been preserved; otherwise, they were corrected. * In other words, no changes or as few as possible have been made to either illustrations or text in order to bring you an e-book that is as close to the original as possible.
