

Livewire: Real Lives (Livewires)

In order to ensure accessibility and readability, Hodder & Stoughton have worked with The Basic Skills Agency on Livewire - a series of reading material with a teenage/adult interest level for those with reading ages below ten, or for adult students of English as a foreign language. Livewire offers teenagers and adults appropriate fiction and non-fiction which is graded at reading ages 6-7, 7-8, 8-9 and 9-10. The books aim to engage the interest of the reader in a motivating and non-patronizing way and lead him or her towards the attainment of a higher reading level. All Livewire books are written by experienced special needs teachers. This biography of actress Sharon Stone offers interesting facts accompanied by lots of photographs to sustain the interest of the reader. The book is colour-coded for appropriate reading age (either 6-7, 7-8, 8-9 or 9-10).
