

Boot Camp

From Todd Strasser, a truly shocking (Kliatt) account of the prison-style workings of teen boot camps. Garrett is an average fifteen-year-old, except that hes in love with an older woman. Even though Garrett gets good grades and hasnt had any real discipline problems, his parents decide to ship him off to Harmony Lake, a boot camp for teenagers. He is kidnapped by camp employees and transported there, where after a painful attempt at rebellion he quickly figures out that the fastest way to graduate is by following all the rules. But no matter what rules he follows, Garrett soon realizes that the people who run the boot camp wont rest until his spirit is well and truly broken. And so, with danger at every turn, he plans a daring escapewith chilling consequences.
