

## Mergeworld: Book Three

THE BATTLES ESCALATE The wars to decide the doom of the two worlds of the Merge, Urth & Tharanor, spread and rage from city to city, across two disrupted planets. David and Jerriel, Mason and Tori, and their brave allies help lead their forces to break out from Michiana and reach the other cities nearby. Cities already under siege by the Shadow. With modern technology crippled, the defenders fall back on magic and steam power for industry, transportation, and war to help even the odds. Trains, steamships, aerovelocitors. and dirigibles become platforms for fierce and bloody combat. Not to mention hordes of hellish, undead zombies sweeping across the planet. The future hangs in the fragile balance of Mergeworld, Book Three
