

## Nine Humorous Tales (Classic Reprint)

Anton Chekhov (1860-1904) AN IMPRESSION IT may be more than mere accident that in the history of modern literature so many men of talent have turned from the practice of medicine to the profession of letters. The physicians office is largely a place of confession and his mind a focus gathering the light of human experiences from every angle. These, if he is a man of imagination as well as of science, he is prompted to reflect through the lens of fiction. Though Anton Chekhov was a physician by training, (having been graduated from the Moscow University in 1884, at the age of twenty-four) he was a writer by preference. The wide knowledge gained from his medical studies and practice, coupled with the fact that his father was a peasant by birth and a city shop-keeper by occupation, must have contributed in great measure to the wide scope of his art. American readers are by this time fairly well acquainted with Chekhov as a writer of many-sided interests and the possessor of a style that has been called the best since de Maupassant. One phase of the great Russian swork, however, has thus far been largely neglected; his humorous vein. This is all the more surprising because the Chekhov of the humorous tales naturally prompts comparison with our own O. Henry, although it would be unfair to both writers to extend the comparison too far. Many of the tales of Chekhov, in their technique, resemble an unframed picture, the boundless wastes of the Russian steppe in miniature, while O.(Typographical errors above are due to OCR software and dont occur in the book.)About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology.Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings.
