

Vane (The Core Series Book 3)

The second full-length novel in the CORE SERIES. Please read Core and Sole first. *** Ava starting a new life. Somehow, there is someone who loves her not with a passion that surges and then fizzles, but with a love that grows steady and real. Yet something's wrong. Everything's wrong. The new life she's discovered comes with conditions. Hard ones. Painful ones and she can't free herself, no matter how strong she becomes. Cale would do anything for his Ava. He would fly for her, die for her but he just can't accept what she's becoming. Not when she keeps disappearing. Not when her secrets are bigger than the truth. As the world spins out of control, a storm brews between dragon and rider. The chaos that ensues might be the only thing that sets the balance straight. *** Core (Book 1) Sole (Book 2) Vane (Book 3) Untitled (Book 4) - TBR May 2015
