

Some Friends to Feed: The Story of Stone Soup

Living legend Pete Seeger puts his own unique spin on the classic story of a soldier helping a village come together after the ravages of war. Set during the Thirty Years War, it's the children of the village who add a little salt, some bones, and a few vegetables to the soup of stones and water, as their skeptical parents stand and watch. As they make the soup, the soldier sings: Stone Soup is what you need/when you have some friends to feed. Before long there's enough to feed the whole town even the grown-ups! A new version of a beloved story, *Some Friends to Feed* includes a brandnew song and CD recording by Pete, featuring both the text and the music. In no time, everyone will have fun singing along with Pete.
