

Something sinister is occurring at the Maharaja Majestic Theater on Broadville Boulevard. The domineering actress, Dominique Darlington, has vanished without a trace, the opening night of the theater's new production of *The Snake Charmer's Slave* is now in jeopardy, and six suspects are about to have the pleasure of meeting Buck Baxter, Private Detective, as he investigates whether there's a killer on the loose... or a phantom at the opera? Could it be the handsome leading man, Errol Hemingway, who's responsible for the disappearance of his leading lady... or perhaps it's that sweet, doe-eyed understudy Olivia Overton? Is it the theater owner himself, the tall and mysterious Raja Khan who has committed the crime... or the show's investor, the autocratic aristocrat Serafina Somerset? Or is it possible that the meek and mild stage manager Stanley Small, or the flamboyant and frustrated director Barnabas Blake, is guilty? And what of Buck's romance with playboy millionaire Holden Hart? Will Buck get a backstage pass to access all areas of his one true love... or will this be the final curtain for Buck and Holden? Follow the clues, and you might just solve... the mystery of the disappearing divas!
