

Nutrition and Diagnosis-Related Care Softbound Text Plus PDA CD-ROM Package: [With CDROM]

This money saving package of the text and PDA version of the title provides a rapid-access resource for busy nutritionists and dietitians, as the title continues its tradition as a concise yet comprehensive reference for nutrition-based care of diseases. It includes flexible proven care plans to fit any clinical setting, from hospitals and ambulatory centers to private practices and home care. Updated to include a full appendix on the use of herbs, botanicals and dietary supplements, it is also the ideal supplementary text to labs and for clinical rotations. The PDA format offers: mobile access to important information, and table of contents and alphabetical searches for faster retrieval. Platform: Palm OS, Windows CE and Pocket PC handheld device
