

The Pleasure Of Eliza Lynch

Beautiful Irishwoman Eliza Lynch became briefly, in the 1860s, the richest woman in the world. The book opens in Paris with Eliza in bed with Francisco Solano Lopez - heir to the untold wealth of Paraguay. The fruit of their congress will be extraordinary, and will send her across the Atlantic on the regal voyage to claim her glorious future in Asuncion. With the lavish imaginative richness of Marquez and the crazed panoramic sweep of Herzogs Fitzcarraldo, *The Pleasure of Eliza Lynch* is a bold and brilliantly achieved novel about sex, beauty and corruption at the end of the old world.
