

The PureLights of Ohm Totem: Book I (PureLights Series) (Volume 1)

Couldnt put it down! What a joyous read. 5 stars and Id give it more if I could... - Cal Garrison, editor of the Spirit of Maat Magazine Zoey and Coda are like everyone else in their small town of Gladstone, but thats about to change - forever. Zoey has a dream, one that feels far more real than it should. A strangewolf with a beautiful violet crystal embedded in his forehead visits her. Please help us, the wolf implores. Remember, Zoey, who you truly are. Zoey wakes up, dismissing it as a silly dream. However, she soon realizes that it was far more real than she could have ever imagined. Coda is Zoey's older brother. Like many boys his age, he has a craving for adventure and a loathing for his younger sister. He cant stand it that she constantly gets in his way, joining in on all of his fun and ruining it during the process. And the worst, according to Coda, is that Zoey gets all of the attention from their parents. A big drag in his mind. Then destiny arrives, one that Zoey and Coda must face together - if they want to survive. Together, they journey to a place deep in the Cornell Forest, through a secret portal that leads them to an ancient world called Ohm Totem - to the place of the PureLights, the race beckoning for their help. Caught between an age old war and finding their way back home, Zoey and Coda go on an amazing adventure, taking them beyond the veils, beyond everything they once knew and into the grasp of the unknown. > Brandon Ellis offers a captivating novel showcasing his creativity and ingenuity as a storyteller.
