

The Foreworld Saga: Bloodaxe (Kindle Worlds Novella)

A prequel to the Foreworld Saga, this tale follows the great Norse warrior Brak Bloodaxe as he is wounded while on a raid against the Saxons. Despite the injury, he manages to save an enemy princess from rape by another Viking, Earl Thengil, who just happens to be the chieftain of his village in Dublin Kingdom. The princess, Dana Longchamps, nurses Brak back to health. They fall in love a dangerous complication, given the girl is already betrothed to a Lord Alfred by her uncle, who just happens to be the King of England. Now the military might of two great empires want to tear Bloodaxe and his princess apart. Gripping and fast-paced, the sidequest Blood Axe is a powerful tale of battle and adventure from acclaimed author Charles Sasser.
