

# The Will of the Tribe: An Inspector Napoleon Bonaparte Mystery

A classic Australian story from the Bolinda Classics range. The aborigines, who knew how many eagles flew over their inland desert, must have known who put the dead white man into Lucifer's Couch. But no one in Halls Creek, white or black, reported seeing the stranger - and there were no tracks around the meteor crater. Was the murder done by whites or blacks or by both in collusion? Bony listened to the ancient tribal legends and found truth nobody wanted to believe.
